

Changelog yuuviz RAD 7.12

Schlüssel	Zusammenfassung	Beschreibung
COOL-15032	During installation the communication between the services is by default secured by setting up IP-filters	<p>As an administrator, I want the setup to configure per default the IP address for the inter-service communication to secure the system from outside attacks.</p> <p>See documentation: https://help.optimal-systems.com/yuuvizRAD/v70/admin/de/architecture/microservices/mic_tsk_ip_filter.htm?Highlight=IP-Filter</p> <p>Acceptance criteria:</p> <ul style="list-style-type: none">• extend services setup with providing an IP-filter property. Default is the services IP address.• all configurations are set accordingly after setup
ERA-8223	Endpoint for resolution of divergences returns the list of unresolved divergences	<p>As an API user, I would like that REST endpoint <code>ManagementService.resolveDivergences</code> returns the list of unresolved divergences, in order to inform the user on outcome of the operation. Currently, the method will resolve some divergences, some it will not be able to resolve, but it will always return HTTP200 and an empty list.</p> <p>Acceptance criteria:</p> <ul style="list-style-type: none">• The response of POST on <code>ManagementService.resolveDivergences</code> states whether at least one divergence was not able to be resolved.
TUK-11	You can configure whether the client should use the agent and in which mode	<p>As an administrator, I want to be able to force the usage of the agent so the user cannot change its usage to meet the companies policies.</p> <p>Acceptance criteria:</p> <ul style="list-style-type: none">• It is possible to configure in the <code>main.json</code>: "agentUsage": "no"/"alwaysAsk"/"withCheckout"/"withoutCheckout" (agent section is not offered / user ois always asked / always edit with checkout / always edit without checkout)• If there is a configuration the user can't change the configuration
TUK-351	The 'no value' search in table rows is indicated	<p>As a user, I want to see in a table which field is used for a search with 'no value' so that I do know this.</p> <p>Acceptance criteria:</p> <ul style="list-style-type: none">• In the table of a search form, the cell of a table column set to search for 'no value' is indicating this.
TUK-486	You can filter the list of the 'Create object' dialog	<p>As a user, I want to be able to filter the create object list if many elements exist so that I can find my wished object type easily.</p> <p>Acceptance criteria:</p> <ul style="list-style-type: none">• There is a filter field if more than 10 elements exist that shows only the elements that match the search term.
TUK-511	You can set the response type of the HTTP-client in the plugin API	<p>As a programmer, I want to be able to set the response type of the HTTP-client in the plugin API so that I can request resources that are not JSON.</p> <p>Acceptance criteria:</p> <ul style="list-style-type: none">• The client plugin API is extended to handle an additional parameter to control the response format.
